## AGAINST THE DEFENSE

Decision of Idaho Court in the Haywood Case.

REQUEST CAME TOO LATE

Judge Wood Holds That Motion for a Bill of Particulars Should Have Been Made Before the Indictments Were Pleaded To.

Boise, Ida., May 9.—By overruling the motion of the defense for a bill of particulars setting forth what overt acts, if any, there were to connect the accused with the death of Former Governor Frank Steunenberg, Judge Fremont Wood of the district court of Ada county cleared the way for the trial of William D. Haywood, secretary of the Western Federation of Miners, which will now begin.

Judge Wood held that the request of Haywood's counsel for a more explicit statement of the charges against the prisoner came too late. In cases where bills of particulars are allowable, the judge declared, the motions must be made before the indictments are pleaded to and before the cases are set for trial.

Haywood is the first of the four men accused of complicity in the Steunenberg murder to be selected for trial. The others, Moyer, Pettibone and Orchard, the last of whom is said to have confessed, will be tried as circumstances dictate, following the proceedings against Haywood. The prisoner, his counsel and the attorneys specially retained to present the case are ready for the long ordeal in court.

Hard Task to Get a Jury.

The first and one of the great tasks is to secure a jury and that will be commenced as soon as Sheriff Hodgins has intoned the formal cry opening the court. Estimates of the time necessary to select twelve men vary, but practically none place the time under three weeks.

The victim of the Caldwell assassination, long a conspicuous figure in the political life of the state, was possibly known to hundreds of citizens of Ada county and personal alignment and partisanship on the labor question in which the prisoner and his co-defendants were for a long time active leaders is quite general. Therefore it is at once a difficult and delicate task to find men free from the disqualifications that unfit them for the high duty of a juror.

Many men who know the community well and who add to their calculation the further handicap of apprehension of future violence for revenge, take the extreme view that it will be impossible to secure a jury. But the height of opinion is against this conclusion.

There is as yet no indication of the scope of the case which the state will seek to prove against Haywood. It is naturally assumed, however, that Messrs. Hawley and Borah will seek to make the showing as to the alleged conspiracy as broad as possible, without endangering it upon appeal, assuming that there is a conviction. Discussing this phase of the case one of the counsel for the prisoners said: "The broader the scope of the case the better we will be satisfied."

## Rengo Cure For Fat People

Costs Nothing to Try.

Rengo, one of the most famous products of the land, is now declared by scientists to be nature's own marvelous cure for obesity of excess fat.

This illustration plainly shows what Rengo does more than reduce the weight and get rid of the fat.

It does all this without weakening the patient, or otherwise working him hard, and it positively builds up the health, giving increased strength and vitality. It brings almost immediate relief from the dangers of fatty degeneration of the heart and other fatal conditions which nearly always accompany excess fat.

There is nothing "just as good" as Rengo. For sale by all druggists at \$1.00 per full sized box, or by mail prepaid by the Rengo Co., 3873 Rengo Bldg., Detroit, Mich. If you prefer, they will gladly send you a trial package free by mail. For sale and recommended in Brainerd by H. P. Dunn & Co., Druggists.

## TAFT FOR PRESIDENT.

Ohio Republican Leader Outlines a General Programme.

Cincinnati, May 9.—Party harmony, victory in the municipal elections this fall and next year. W. H. Taft for president, J. B. Foraker for United States senator and A. L. Harris for governor, is the programme advised by George B. Cox, former Republican leader in Hamilton county, in an interview. Reports from Columbus and Washington had named Mr. Cox as engaged in negotiations looking toward a compromise between the Taft and Foraker forces, but Mr. Cox entered sweeping denial to such suggestions.

When the attention of Senator Foraker was called to the statement he said: "If I understand Mr. Cox correctly he makes a specific recommendation addressed to the Republicans of Ohio, as to what their action shall be in the convention next year. I will repeat that I don't want any political honors at the hands of the Republicans of Ohio except with their hearty endorsement. Therefore if what Mr. Cox suggests and recommends should meet with their approval no one will support Secretary Taft more cordially than I shall."

## COOPER WITHDRAWS.

Another Candidate Drops Out of Wisconsin's Senatorial Contest.

Madison, Wis., May 9.—The withdrawal of Mr. Lenroot as a senatorial candidate was followed by the withdrawal of Congressman H. A. Cooper. Mr. Cooper said in his letter of withdrawal that it was his earnest desire to assist if possible in the breaking of the protracted deadlock by the election of some man worthy of the great position and thus to promote the best interests of the Republican party and of all the people of the state.

The development at the caucus was the gain of Hatten, who increased his vote over the noonday joint session from 16 to 22. With the votes of two members who were absent the Hatten vote would have been a close second to Stephenson.

The result of the fifty-eighth caucus ballot was: Esch 22, Hatten 22, Stephenson 27, Sanborn 5, Hudnall 7, McGregor 7, scattering 12.

Of the Lenroot strength which distributed itself around Stephenson received the votes of six.

The most irritating and annoying form of cough is that termed bronchial. People subject to bronchial troubles whenever there is a change in the weather or they are exposed to a draft will "catch" a bronchial cough which is very disagreeable, irritating and annoying.

Bronchial troubles cannot be cured by stomach dosing. The medicated air of Hy-o-mei is the only treatment that reaches the affected parts and gives relief and cure. It destroys all the disease germs that are present in the nose, throat and lungs, soothes and relieves the irritated mucous membrane in all parts of the bronchial tubes and quickly overcomes the irritation.

Bronchitis is really an inflammation of mucous membrane lining the air passages and is purely a local disease, so that it needs a local treatment like that afforded by Hy-o-mei.

If there is any doubt in your mind as to the power of Hy-o-mei to cure bronchial troubles so that the system will resist coughs and colds, the unusual way in which it is sold by H. P. Dunn & Co. should dispel that doubt. They agree to refund the money to any purchaser of Hy-o-mei who is not perfectly satisfied with the results following the use of the remedy. They take all the risk and if the remedy does not help you it does not cost you a penny, while if it cures, the expense is nominal, for a complete Hy-o-mei outfit is sold at only \$1.00.

## TO CELEBRATE 4TH OF JULY

Commercial Club Almost Unanimous in Favor of the Old Fashioned Celebration

FOR BEAUTIFUL BRAINERD

Special Committee Also Appointed to Look After Industrial School for Girls

Considerable business was transacted Wednesday evening by the Commercial club considering that the attendance was rather small. Those who were present, however, expressed themselves freely on matters which came before the club, and will doubtless result in lasting good for the county and city.

Few of the standing committees were ready to report, but Messrs Wise and McKay told of a conference with the county board which was in session this week, and which may result in replacing the money belonging to the county revenue fund which has been diverted to other channels. An attempt will also be made to have the state appropriation of money for roads augmented by donations of stone along the line where the money will be expended.

Mr. Michael, of the advertising committee reported that the efforts of the club in sending out maps last year to advertise the advantages of the county, resulted in little if any good and thought that a proposition made by the Brainerd Arena and which was read by the secretary a much better plan by which to advertise the resources of the county, and the club seemed to favor the plan.

A proposition submitted by the Minneapolis Journal for the club to use the pages of that paper in conjunction with organizations from other northern counties met with less favor, and many members signified their willingness to further the plan submitted by the Arena.

A move to clean up the city was favored by all and the use of the club rooms will be donated to the ladies for next Wednesday evening for a meeting for organization of a civic league and for future meetings in the interest of a clean city.

The subject seemed to strike a key note with all present, Mayor Wise reporting that he had interviewed Supt. Blanchard in regard to beautifying the grounds about the company's property here and that gentleman had promised to assist in the matter. Secretary McKay suggested curbing the streets by property owners as had been done by M. E. Ryan and seeding between the curb and sidewalk. Mr. Farrar agreed with him, but stated that it would be well to have the permanent width of the street established so that when ready to pave, the work would not have to be torn up.

Mr. Ryan told of a city in Illinois which notified its citizens that if they would have the winter accumulations of fifth deposited in the alleys at a certain date the refuse would be hauled away by the city, and thought it a good plan as the work would then be done.

M. T. Dunn reported the result of a committee trip to St. Paul in the matter of securing the state school for girls and stated that applications would be received by the board of control until June 1st, at which time the board would visit the towns making applications and make their decision as to the most desirable place, but the site must contain a full quarter section of land. Dr. Hemstead stated that the object of the school is to make good housewives of the girls who become inmates, and as the school would require about one half dozen buildings, it would be worth securing for Brainerd. Mr. McKay moved that a special committee of five be appointed to attend to the matter. An amendment was moved by M. T. Dunn adding two members of the club to the committee which carried, and the committee will be appointed by President Hemstead. Mr. Dunn urged the necessity of having the city well cleaned up in readiness for the visit from the board of control to inspect the site chosen by the committees. Mr. Ryan again brought up the matter of making a county exhibit at the coming state fair and said that while he was a firm believer in the efficacy of printers ink, he thought that an ocular demonstration of the productiveness of the county would do more, as newspaper accounts are not always truthful, and he had seen exhibits at the fair that were convincing; we must show the people and products will tell their own story. Mr. Wise made a statement regarding the height of clover and timothy grown on his farm. A special committee to ascertain the feasibility of making a county exhibit at the state fair was appointed, consisting of A. J. Wilson, A. T. Larson and R. R. Wise.

The matter of celebrating the ever glorious 4th was broached by Mr. Jamieson and all seemed to favor the proposition with the exception of Mr. Ryan, who thought the 4th and Labor day coming so together would preclude the observance of one or the other, but if both could be celebrated in a proper manner, he was in favor of the move. Much discussion was indulged in, most of

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the medicinal action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Dr. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

BEAUTIFUL BRAINERD

The Commercial Club Takes Active Steps to Accomplish the Desired End

THE LADES WILL ASSIST Prominent Ladies Have Offered Their Assistance in Organizing a Civic League

If you are a property owner or a tenant and do not put your property in a very presentable shape this summer you will be the most unpopular person in the city if the movement which started in the commercial club Wednesday night is carried out and there is every evidence that it will be.

The advertising committee of the club recommended, as the best way to advertise the city, that a movement be begun the object of which would be to clean up the streets, remove the rubbish from the vacant lots, alleys and back yards to encourage a greater interest in the laws and to improve property generally.

It met a hearty response from all members of the club. One member stated that a number of the ladies of the city had expressed a desire to do something in the line and it was decided to call a meeting of all interested in civic improvement to meet at the club rooms Wednesday evening, May 15th. Every man and woman interested in "Beautiful Brainerd" is invited to assist in the organization of a civic league.

The movement will undoubtedly be succeeded as "those who do things" are behind it.

POUNDMASTER APPOINTED

Mayor Wise Announces the Appointment of Joseph Sellick to that Position

In accordance with the request of the city council Mayor Wise has appointed Joseph Sellick as poundmaster for the city of Brainerd, the appointment to be effective at once. Mr. Sellick is an experienced man at the work and may be depended upon to do his duty. The pound will, as heretofore, be kept under the East Brainerd bridge and all cattle taken will be placed therein. A fee of \$1 is charged under the ordinance to be paid by the owner before taking the animal out of the pound. Parties owning stock should take notice as no further warning will be given.

### POLICE PROTECT CARS.

**Little Trouble Encountered in Running Them in San Francisco.**

San Francisco, May 9.—The police for the first time since the commencement of the street car strike furnished actual protection for two of the United Railroads cars manned by twenty-one strike-breakers and as a result of this protection the cars were run over six miles of track without the firing of a shot.

Four men, one of them a strike-breaker, the other three members of

the electrical workers' union, were injured. There was intermittent hurling of missiles by union crowds at various points along the route and for two or three miles a mob of at least 2,000 men and boys ran with the cars, yelling, calling epithets, daring the nonunion men to get off the cars and fight and cheering vociferously whenever for any cause the cars were brought temporarily to a standstill.

About twenty police officers and patrolmen led by Chief Dinan, some of them in automobiles, a number mounted on horses and others afoot accompanied the cars. Assistant President

Thornwell Mullaney, Superintendent Chapman and other officers of the United Railroads kept pace in automobiles with the cars.

The route selected was through the better class business and residence streets of the western addition and the Richmond districts. The run was completed in two hours.

From its commencement to its finish the police displayed decision, energy and determination in dealing with the shouting, howling crowds. When necessity arose they did not hesitate to draw their clubs and use them and as

a result a number of heads were punished.

Of the thirty odd persons who were shot or otherwise injured Tuesday four are expected to die. This would increase the number of deaths to six, as Striker James Walsh died Tuesday night and John Buchanan Wednesday night.

Conferences of United Railroads officials and officials of the carmen's union were held with Mayor Schmitz in his office. They were productive of no results.

### FATE OF BIRRELL'S BILL.

**Depends Entirely Upon Attitude of Nationalist Convention.**

Dublin, May 9.—The fate of Mr. Birrell's Irish bill is regarded here as depending entirely upon the attitude taken by the proposed Nationalist convention, which nobody is able to predict. There is no doubt that the Nationalists are deeply disappointed in the measure and it will require all John E. Redmond's influence to obtain a resolution in its favor. A prominent Nationalist said:

"We are not enthusiastic about this bill. It does not go far enough and in some respects it involves irritating limitations but we are prepared to accept it as a step toward something larger."

More outspoken members of the party, however, strongly condemn the bill and it is reported that some of Mr. Redmond's followers even threatened to resign if the bill was accepted. But the revolt was to a great extent smothered over by promises that efforts would be made to secure a modification of the measure.

### My Best Friend

Alexander Benton, who lives on Rural Route 1, Fort Edward, N. Y., says: "Dr. King's New Discovery is my best earthly friend. It cured me of asthma six years ago. It has also performed a wonderful cure of incipient consumption for my son's wife. The first bottle ended the terrible cough and this accomplished, the other symptoms left one by one, until she was perfectly well. Dr. King's New Discovery's power over coughs and colds is simply marvelous." No other remedy has ever equalled it. Fully guaranteed by H. P. Dunn & Co., druggist. 50c and \$1.00. Trial bottle free.

Shriners to Meet in St. Paul.

Los Angeles, Cal., May 9.—St. Paul was awarded the next session of the Imperial council of the Mystic Shrine to be held in that city July 14 and 15, 1908. The programme of the election of officers was carried out, Frank C. Roundy of Chicago being advanced to the office of imperial potentate and each of the other officers being elected to the next highest point.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulators aid gently and cure constipation. 25 cents. Ask your druggist.

### Tragedy in a Saloon.

West Palm Beach, Fla., May 9.—Thomas Troy, who came ashore here from the steamer Cecilia, bound from South America with a cargo of lumber for New York, shot and instantly killed George G. Newcombe in a saloon here. Newcombe formerly lived in Iowa and leaves a widow and child. Troy was arrested.
